

Bear One Another's Burdens

Weary pilgrims on the road
Our journey takes some twists and turns
Some twists and turns
And when we seem to lose our way
It seems there's nothing left to say
Can we rely on other fellow travelers?

*Bear one another's burdens in grace
Spur on each other to run in the race
Sisters and brothers, we are called to show God's face
Bearing up each other in love!*

God has given to us all
The grace to share each other's load
Each other's load
And when the weight is hard to bear
We seem to have no strength to spare
God gives endurance and the grace to follow

Bear one another's burdens...

*And Jesus shows the way
To bear another's pain
And if we follow him
He'll lead us*

Bear one another's burdens...
