

This Is Our God

A man who doubts
A man who cries
A man who shouts
In desperation to the skies
A man who dies
This is our God

A world in pain
A world that groans
A world at war
A world alone
A world without a home
This is God's world

*See him naked, sore, abused
Despised, rejected
Justice refused
Look at him now, is this God's face?
This is our God, this is God's grace*

My heart so black
My heart that's torn
My heart so bleak
My heart forlorn
And yet, a soul reborn
This is God's grace
