

EVEN IN DARKNESS

it wasn't your fault
you weren't to blame
though in the darkness
your mind felt the pain
wasn't your fault
you weren't to blame
though in the darkness
your heart felt the shame

it isn't your fault...

do not feel shame
there's nothing to fear
even in darkness
i'm always here
do not feel shame
do not fear
even in darkness
i'm always here
