

NAKED

i just don't know who said it first
don't know that it matters
it's all the same for all of us
what covers us may differ
no matter, no matter

welcome to my nightmare
the first words that i spoke
opened up my darkness
to the mocking of the sun

then you tenderly
mercifully
held my maddening noise
finally in silence
a single voice was heard

*underneath we're naked
we're naked, we're naked
underneath it all we're naked
underneath we're naked
you and me, me and you
we're naked*

i just don't know who said it first
don't know that it matters
