

## ***How We Long To See***

How we long to see  
See the face of Jesus Christ  
How we long to be  
Nestled safe within his arms  
How we long to see you Lord!

*And when we see you face to face  
How can we stand before you?  
And when we look into your face  
How can we stand before you?*

How we long to know  
Know the love of Jesus Christ  
How we long to show  
Show the world the love of God  
How we long to know you Lord!

*And when we know the love you give  
How can we keep it to ourselves?  
And when we have your love to give  
How can we keep it to ourselves?*
