

Living Water

Living water flowing down
Reviving my soul
I come to you
And know that you will come to me

Living water flowing down
Reviving my soul
Washing away the stain
Of guilt and unworthiness

*And the more I know of you
The more that I trust your love
Is washing me clean from all blame*

Living water flowing down
Reviving my soul
Giving me back my life
To live in love for you

Living water flowing down
Reviving my soul
Come, cleanse my heart
And heal my shame and make me whole

*And the more I know of you
The more that I trust your love
Is washing me clean from all blame*

*Jesus, come
And wash all guilt away!*
