

We Praise Your Name

*You are the living God
Maker of heaven and earth
You are the living God
We praise your name
We praise your name!*

When the mountain peaks
Were shaped by your hand
And the water flowed in the sparkling streams
All creation raised its head
And with one voice
Praised your name!

You are the living God...

And we are the new creation of God
For in Jesus Christ we are born once more
Here to shine the light of Christ
And with our lives
Praise God's name!

You are the living God...
